

FUTURE CREATIVES:

REAL-WORLD DESIGN & MEDIA WORKSHOPS FOR YOUR STUDENTS

BKX Studio brings industry-level creative projects into the classroom so students can explore branding, design, and murals in a way that feels real, relevant, and career-connected.

Real clients & scenarios

Portfolio-ready work

Aligned with career pathways

The Workshops

The Sprints: 3-Hour Masterclasses

Fast-paced, high-energy workshops that fit into a standard morning or afternoon block. Students leave with a finished, portfolio-ready piece.

Option 1: Brand Identity & Graphic Design

Students create a simple brand identity for a mock business or community project, using typography, color, and layout to tell a visual story.

Option 2: Social Media Content for Professional Branding

Students design content for LinkedIn or other professional platforms, focusing on clear messaging, visual hierarchy, and personal brand storytelling.

The Deep Dives: 6-Hour Saturday Workshops

Immersive, full-day agency simulations that dive deep into hands-on execution. Students collaborate to launch large-scale, real-world projects from scratch.

Option 3: Collaborative Mural Installation

Students create a simple brand identity for a mock business or community project, using typography, color, and layout to tell a visual story.

Option 4: Web Design & Digital Architecture

Students design content for LinkedIn or other professional platforms, focusing on clear messaging, visual hierarchy, and personal brand storytelling.

The BKX Studio “Full Combo” Semester Pipeline.

Real-World Design & Media Workshops for Your Students

BKX Studio brings industry-level creative projects into the classroom so students can explore branding, design, and murals in a way that feels real, relevant, and career-connected.

1. Brand Identity

Design the look

2. Web Architecture

Build the home

3. Social Strategy

Launch the campaign

4. Mural Installation

Paint the footprint

About BKX Studio Future Creatives

BKX Studio is a your city-based creative practice focused on branding, design, and visual storytelling. We translate real client work and studio processes into student-friendly workshops so young people can see how creative skills connect directly to careers and community impact.
